

Two great community banks are now one.

Highlands State Bank welcomes Noble Community Bank.

Highlands State Bank is proud to announce that Noble Community Bank is now part of the Highlands family. And while the signs outside the Noble location may have changed, the faces you know and the service you have come to appreciate remain much the same.

So what's new? Well, in the weeks and months ahead, you'll have a greater array of products and services from which to choose; financial tools that will help you save and manage your money more efficiently.

But one thing will never change: you, your family, and your business will always be able to enjoy the personal service and convenience provided by your local community bank, Highlands State Bank.

Vernon • Sparta • Totowa
